

Jump Frog

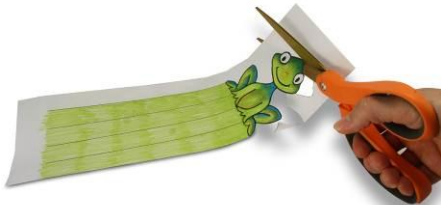

This little paper frog has its own folded paper springy legs to jump on. At the bottom of this instruction sheet you will find printable templates for the 5 frogs pictured. Either colour by hand, as pictured, or print them onto green paper. Or you could draw your own and add 4 even strips to the bottom of your frog.

You will need:

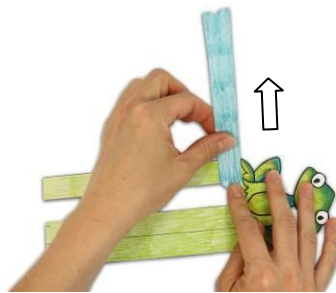

- green paper or card
- scissors
- glue stick
- pens/pencils/crayons to colour the frogs.

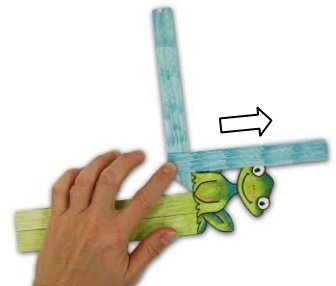

Method

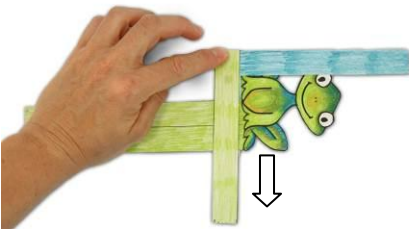

1. Cut out the frog and the 4 strips it sits on. Cut it as one piece – do not cut off the strips.

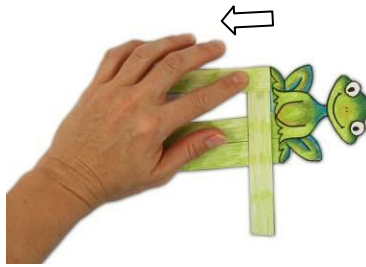

2. Fold one of the middle strips so it is adjacent (at a right angle) to the outer strip.

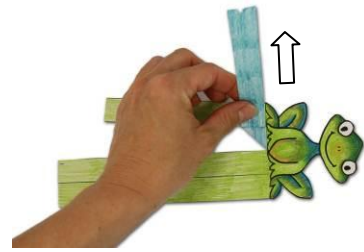

3. Fold the outer strip up.

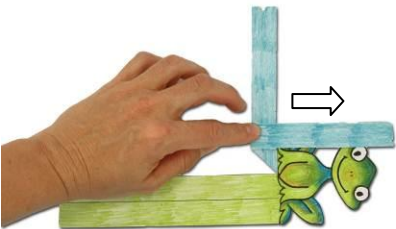

4. Follow the arrows.

5.

6.

7.

8. At the end of the strips, glue the flaps down to secure.

9. Repeat with the other 2 strips and fold the frog over so it stands straight up.

10. Cut a lily pad shape from the green card and glue the frog's legs to the pad.

11. The frog can now spring up and down.
